Greg McAtee, Senior Economist

Notes On Initial and Continuing Claims: Regions Footprint

Initial Claims:

During the week ending November 14, a total of 244,792 people within the Regions footprint applied for Unemployment Insurance benefits, up from 233,254 people in the week ending November 7;

Since the week ending March 21, a total of 23,945,073 people within the Regions footprint have filed claims for Unemployment Insurance;

Alabama, Iowa, Indiana, Kentucky, Louisiana, Missouri, and Texas saw increases in initial claims in the week ending November 14.

Continuing Claims:

As of the week ending November 7, a total of 1,864,849 people within the Regions footprint were receiving regular Unemployment Insurance benefits, down from 1,974,845 in the week ending October 31;

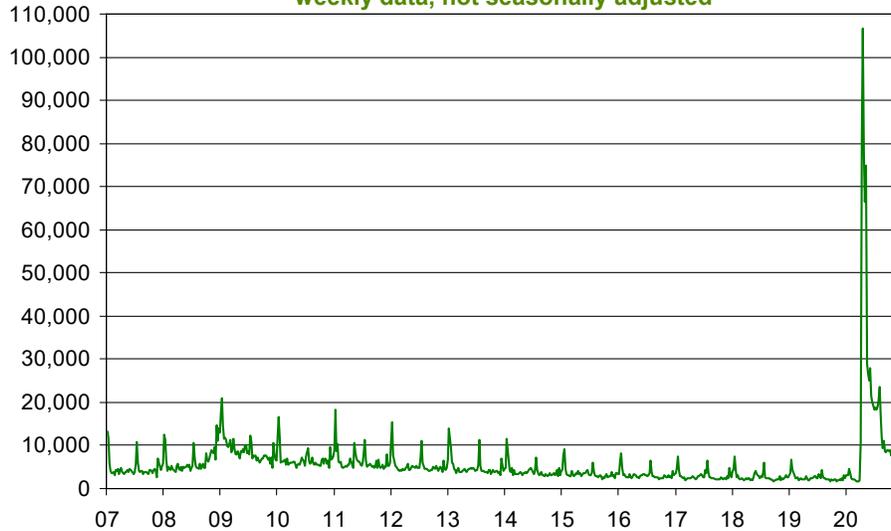

Illinois and Kentucky were the only states within the Regions footprint to see an increase in continuing claims in the week ending November 7;

It should be noted that recent declines in continuing claims reflect either people having exhausted their regular state-level benefits or having returned to work;

More than 2.5 million people across the Regions footprint are drawing Unemployment Insurance benefits through the various pandemic relief programs; these numbers are not included in the regular claims data cited above.
