## **FUN FACTS!**

In 1894, 28 followers of economist Henry George arrived on the Eastern Shore of Mobile Bay in search of a modern, single tax Utopia, naming it Fairhope.

Before Monopoly settled on Atlantic City properties, Fairhope Avenue was a staple of the board game's predecessor, the Landlord's Game.

---

Each summer shrimp, fish and crabs come to the shore, providing easy pickings for lovers of seafood who yell, "Jubilee!" when they gather their catch. Jubilee is now an annual event.
